OF THE

Selectmen and Other Town Officers

OF

CLAREMONT, N. H.

♦ ♦

For the Year Ending February 15th, 1908

♦ ♦

CLAREMONT, N. H.:
THE CLAREMONT ADVOCATE PRESS,
1908.

Town Warrant.

STATE OF NEW HAMPSHIRE.

{L.S.} *TO THE INHABITANTS OF THE TOWN OF CLAREMONT IN THE COUNTY OF SULLIVAN, IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:*

YOU are hereby notified to meet at the lower assembly room in the Town Hall, in said town, on Tuesday, the tenth day of March next, at eight o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year.

2. To see what sum of money the town will vote to raise to pay town officers for the fiscal year ending February 15, 1909.

3. To see what sum of money the town will vote to raise to pay incidental expenses for the fiscal year ending February 15, 1909.

4. To see what sum of money the town will vote to raise for the support of schools for the fiscal year ending February 15, 1909.

5. To see what sum of money the town will vote to raise for the repair of highways and bridges for the fiscal year ending February 15, 1909, and determine how the same shall be paid.

6. To see what sum of money the town will vote to raise to pay the debts of the town.

7. To see what sum of money the town will vote to raise for the support of the town's poor for the fiscal year ending February 15, 1909.

8. To see what sum of money the town will vote to raise for the support of the Fire Department for the fiscal year ending February 15, 1909.

9. To see what sum of money the town will vote to raise to pay for the use of hydrants for the fiscal year ending February 15, 1909.

10. To see what sum of money the town will vote to raise and appropriate for street lights for the fiscal year ending February 15, 1909.

11. To see what sum of money the town will vote to raise for the expense of Memorial Day.

12. To see what sum of money the town will vote to raise for the benefit of the American Band.

13. To see what sum of money the town will vote to raise to pay the Board of Education for the fiscal year ending February 15, 1909.

14. To see what sum of money the town will vote to raise in aid of the Cottage Hospital.

15. To choose a committee for Stevens High School for the ensuing year.

16. To determine the rate of discount the town will allow persons paying their taxes within such period as the town may designate.

17. To choose three members of the Board of Trustees of Fiske Free Library, to serve for the term of three years.

18. To see if the town will vote to raise the sum of fifteen hundred ($1500.00) for the support of Fiske Free Library, to be applied agreeably to the contracts with Andrew Carnegie and Samuel P. Fiske.

19. To see what action the town will take to provide for the refunding or paying of twenty-five thousand dollars ($25000.00) of four per cent. coupon bonds known as the Refunding of War Debt Bonds which fall due Jan. 1st, 1909, and raise and appropriate money therefor or borrow money on promissory notes of the town for said purpose.

20. To see if the town will vote to raise the sum of $3,000.00 and appropriate as much thereof as may be necessary to meet payments maturing on or before Nov, 1st, 1908, of principal and interest, on notes issued by the School District to pay for new school building.

21. To see what sum of money the town will vote and appropriate for the repair of Pleasant Street and to pay for material already purchased for said repairs, and authorize the Selectmen to borrow the same on promissory notes of the town.

22. To see if the town will vote to lay a sewer up Pleasant Street before they re-macadamize said street and raise and appropriate money therefor.

23. To see what sum of money the town will vote to raise and appropriate for the support of Stevens High School for the ensuing year.

24. To see if the town will vote to choose a special committee to concur with the Stevens High School Committee, whose duty it shall be to ascertain the need of enlarging the present High School Building and report at some future meeting.

25. To see if the town will vote to rescind all action heretofore taken authorizing the building of a bridge across the Connecticut River to connect with the Town of Weathersfield.

26. To see if the town will vote to limit the entire expense of building a bridge across the Connecticut River to connect with the Town of Weathersfield, including piers, abutments, approaches, and the purchase of any franchise, and including whatever may be paid towards the same by Weathersfield, and the State of New Hampshire, to $35,000.00.

27. To see if the town will vote to instruct the Selectmen to build a free bridge over the Connecticut River with suitable piers, abutments, and approaches, near the site of the old Claremont Bridge at West Claremont, and make all necessary contracts in connection with the same.

28. To see if the town will vote to unite with the contiguous Town of Weathersfield, in the State of Vermont, for the building of a free bridge over the Connecticut River, agreeably to the provisions of sections 12 and 13, Chapter 67 of the Public Statutes, and

To see if the town will vote to authorize its Selectmen to unite with the Selectmen or other proper officers of said Weathersfield, and contract with them for the purchase of any real estate, or franchise, if in their opinion the public good requires a highway to be laid out over such property, or so near thereto as seriously to affect the value thereof, and to agree as to the proportion of expense to be borne by each town in the construction and maintenance of such highway, including piers, abutments, and approaches, and the proportion that each shall pay to third persons as damages subject to the approval of the town agreeably to the statute in such case made and provided.

29. To see what sum of money the town will vote to raise and appropriate for the purposes mentioned in the preceding articles or to see in what other way the town will vote to provide therefor and to take any action necessary to carry out the purposes of these articles by borrowing money and giving notes or issuing bonds of the town therefor.

30. To see if the town will vote to instruct the Selectmen or Cemetery Commissioners to extend the water pipes and erect a fountain or fountains in Mountain View Cemetery and raise and appropriate money therefor.

31. To see if the town will vote to raise the police station to a two story building to be used for a Court Room, the amount not to exceed ($800.00) eight hundred dollars.

32. To see what action the town will take in regard to instructing the Selectmen not to give permission for any additional private sewers running into the river to be dug in the streets, or entrance made into the street sewers or drains.

33. To see if the town will vote to extend the town water system from a point on Washington Street near the creamery to a point near the dwelling house of H. Kingsley, and place a hydrant at some point on said line.

34. To see if the town will vote to accept a sum of money now in the hands of the Treasurer of the Old Home Week Association and if so determine in what way the same shall be treated.

35. To see if the town will vote to instruct the Selectmen to appoint a board of three commissioners who shall have full charge of the Cemeteries in town; sell burial lots and make conveyances of the same, collect the pay, and use the money for the improvements of said cemeteries, and also authorize said commissioners to use the money now on hand which has been raised from the sale of lots, and also raise and appropriate an additional sum of money for the improvement of said cemeteries.

36. To see if the town will vote the Fire Department the free use of the Town Hall one such night as they may desire to hold their annual Firemen's Ball when the hall is not previously engaged.

37. To see if the town will vote to give the free use of the Town Hall at three different times during the year, of the Opera House, once during the year, when not otherwise in use, to the Ladies' Union Aid Society for the benefit of the Claremont Cottage Hospital.

38. To see if the town will vote to instruct the night policeman to make hourly rounds between Tremont Square and the Lower Village.

39. To see if the town will vote to extend the hydrant system on Maple Avenue, to a point, opposite the house of George E. Butler, and to the Junction Square opposite the B. & M. R. R. Station, and raise and appropriate money therefor.

40. To see if the town will vote to have two or more copies made of the book containing the Proprietors' Records of the doings in the original allotment of the lands in Claremont, and also copies of the map showing the lots assigned to them in severalty, and make some proper order to prevent loss or destruction of the original documents.

41. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-fourth day of February, Nineteen Hundred and Eight.

GEORGE W. PAUL,
W. T. FREEMAN,
CHAS. F. FLETCHER,
} Selectmen of Claremont.

A true copy of warrant, attest:

GEORGE W. PAUL,
W. T. FREEMAN,
CHAS. F. FLETCHER,
} Selectmen of Claremont.

We hereby certify that on this twenty-fourth day of February, 1908, we posted a copy of this warrant at the Town Hall, the place of meeting within specified, and a like copy at the Post Office, public places in said town, and deposited this warrant with Hiram G. Sherman, Town Clerk of said town.

GEORGE W. PAUL,
W. T. FREEMAN,
CHAS. F. FLETCHER,
} Selectmen of Claremont.

Permanent Improvement of Main Highways

Agreeably to the law passed by the legislature of 1905 and amended by that of 1907, the "State Highway" work was taken up by the Governor and Council represented by Councilor J. D. Upham and State Engineer A. W. Dean and the Selectmen.

It was decided that it would be best to continue the improvement of the road leading to Charlestown from the southerly terminus of the road constructed last year upon the same general plan to a point near the schoolhouse at the top of "Dean Hill." The work was placed under the supervision of E. C. Lewis, Highway Agent. Nineteen hundred feet of road was built, the first fourteen hundred feet having a heavy Telford base into which was incorporated several hundred feet of stone bottom, about ten feet wide, which was built some three or four years ago, and which had served to a considerable extent to demonstrate the value of stone base construction where underground flow is not practicable. The base was made with the proper crown and then covered with gravel to a thickness of eight inches rolled in three layers by the new steam roller. The ledge on the easterly side of the road was channelled by blasting. This made possible the opening of a surface ditch taking the water away to the south. A new stone culvert, 3 by 4 feet, laid in cement, was built near the driveway of Chas. T. Rossiter, taking the water from the westerly side of the road. There is now upwards of seven thousand feet of permanent road in this location, all of which has surface drainage and nearly all having either underdrain or Telford base. The new steam roller was of great value in building this road.

Work was next taken up on the River Road at its junction with the road leading to Ashley's Ferry. Sixteen hundred feet of underdrain, similar to that built on the Charlestown Road in 1906, was constructed, running in a southerly direction, into which a five-inch tile pipe

was incorporated with outfalls at various points. It is expected that this will relieve the terribly muddy condition of this road during the spring months.

The total amount available for State Road Construction and the amount expended up to December 26, 1906, are shown by the following table:

Statement of Joint Fund Account, Dec. 26, 1907.
Town of Claremont

Town contribution,		$2784 75	
State contribution,		556 80	
			$3341 55
Town disbursements approved,		$3075 67	
*State disbursements,		48 02	
			$3123 69
Paid by State to Town,	$472 59		
†Balance in Town Treasury,		181 67	
Balance in State Treasury,		36 19	
Total unexpended balance			217 86
			$3341 55

*State disbursements indicated above are payments made by the State from the joint fund for surveys, plans, inspection or advertising.

†The balance in Town Treasury remains for future expenditure in accordance with Chapter 35, Laws of 1905, and the regulations adopted by the Governor and Council.

The following items were omitted from the foregoing table:

There was received from F. P. Maynard $7.50 for labor and material, and there was paid William P. Sweeney for tile pipe $44.55, leaving as a balance in the Town Treasury $144.62, and as the total unexpended balance, $180.81, subject to approval by the Governor and Council.

The following are the items of expenditure:

		$3,123	10
The opera house has been used three times and the lower hall twenty times for which no income has been received, and had the regular rates been charged, the earning power of the building would have been increased,		250	50
Placing the value of the two offices to the town at $175 00 each		350	00
And the basement for the use of the fire department at		250	00
This gives the town building an earning power of		$3,973	60

1908.			
Feb. 15	Total amount expended as above itemized account	$10,731	90

In submitting my third consecutive report of expenditures in the highway department I invite your attention to the fact that I have expended during the year just closed $1,012.40 more than the appropriation made at the annual meeting in March, 1907. This excess in expense was owing largely to the unusually frequent and heavy rains during the autumn months. Early in the season there was expended for concrete walks approximately $1,500.00. Such walks are among the best and most generally used highway improvements, and are one of the most enduring. It is probable that it would have been better had this work been curtailed.

Another serious condition the department had to meet was the increased cost of labor, team work and material. While it is impossible to foresee weather condi-

tions and difficult to properly proportion the appropriation among the many divisions of work before the department, I further invite your attention to the follow-lowing table covering the past three fiscal years.

Overdraft Feb. 15, 1908		$1,012 40
Unexpended balance turned back into town treasury Feb. 15, 1906	$188 47	
Unexpended balance turned back into town treasurer Feb. 15, 1907	459 58	648 05
Feb. 15th, 1908, net overdraft for three years		$364 35

List of Town Tools and Material on Hand

One tool box
Sixteen iron pins
Three wheelbarrows
Six sewer grates
Two sewer bases

STEVENS FUND.

CR.

Received from sale of Rand land,	$194 70

DR.

Paid taxes,	11 59	
Paid O. B. Way, treasurer Board of Trustees,	183 11	
		$194 70

Ten thousand dollars ($10,000 00) of this fund was loaned secured by mortgages on real estate. There has now been collected and paid to the Trustees $8,336 17, leaving a present deficiency of $1,663 83, which should be materially reduced from the sale of western lands belonging to the fund, on which there was originally loaned less what has been paid on them $1,500 00. For particulars of the entire fund see report of Board of Trustees.

REPORT OF THE TREASURER OF THE TRUSTEES OF THE PARAN STEVENS AND THE HELEN R. HEALEY FUNDS FROM FEB. 15, 1907 TO FEB. 15, 1908.

The Stevens fund in our hands at this date is $85,400 00 and the Helen R. Healey fund $70,200 00, the two amounting to $155,600 00. These funds are all invested in the Claremont Water Supply Bonds, which bear an annual interest of 4 per cent. The income is for the support of Stevens High school. During the past year $6,410 00 has been paid to the school committee. The total income during these twelve months has been $6,190 16, which shows that the High school has received 219 84 in excess of the year's earnings. On Feb. 15, 1907, there were left in the treasury $2,328 20, this added to the year's income makes a total of $8,518 36, which has passed through our hands. The balance left in the treasury at this date, Feb. 15, 1908, is $2,108 36. This is for maintaining the school for the balance of the school year which ends in June next. No further income from the water bonds is available till July next, as the interest is paid by the town semi-annually, in January and July. As the funds now stand there will be for the ensuing year, June 1908 to June 1909, $6,224 00 for the support of Stevens High school.

Since our last report the large wooden tenement house on High street belonging to the Healey estate has been sold for $1,900.00. The only real estate left unsold are two house lots on Richards street. Efforts will be made to dispose of these at an early day. We have also received from the Healey estate, through Ira Colby, executor, $209.58, and we have assurances that a small sum will yet be realized.

The Selectmen have passed over to us $183.11, collected from western lands, belonging to the Stevens fund. A small addition may be expected from the same source at some future day.

In addition to the above total, $155,600.00 in water bonds, the following fragments are in the treasury, awaiting accessions, till they shall reach $100 or over, when they will be invested in the bonds: Stevens fund $31.64, Healey fund $79.26. O. B. WAY, Treasurer.

Claremont, Feb. 15, 1908.

STEAM ROAD ROLLER.

Acting under the vote passed at the annual meeting in March, 1907, the selectmen, after examining several machines, selected the Iroquois ten ton roller, which was contracted for to be delivered on the streets of Claremont at $2300.00, and the five ton horse roller owned by the town. Only $2300 of the $2700 authorized by the town was borrowed on notes, and the expense of housing the machine and other incidental charges were otherwise provided for. See following account.

REPORT OF THE COMMISSIONERS ON CEMETERIES.

In submitting their report, the Commissioners on Cemeteries desire to call the attention of the citizens of Claremont to the improved conditions of all the cemeteries in town. For many years very little was done in the different cemeteries in town, by way of cleaning up the grounds, mowing the grass and otherwise giving them a respectable appearance. During the past year much has been done in these respects, and the different cemeteries never before have been put into so good a condition. Early in the season the Pleasant street cemetery was thoroughly raked and cleaned and great quantities of leaves and dirt carted away. It is believed that this was the first time in the history of this cemetery that this work

had been thoroughly done. All the grave stones that had fallen down have been reset and put in order.

In the West Claremont cemetery all of the grass and undergrowth has been cut and cleared away, and so far as could be, the old grave stones reset. It is impossible to put these grounds into very perfect condition, as the burial lots are very irregular, and little or no attention has been paid heretofore to size and regularity, but both the Catholic and the other grounds have been much improved.

The old cemetery back of the town library has been cleaned up as well as it could be done.

In Mountain View cemetery a great amount of work has been done by way of setting out trees, laying out lots and especially in grading and improving the avenues, but there is much more that should be done by way of grading and improving the avenues. Something should also be done in extending the water pipes and erecting fountains so that water can be more easily obtained at the various burial lots. It is hoped that the town will continue to make improvements in all the cemeteries in town so that they will reflect credit upon the town.

The Commissioners recommended an appropriation of $500 the same as last year for the coming year. They serve without pay and take pride in their work.

GEO. H. STOWELL,
H. W. PARKER,
W. T. FREEMAN,
} Commissioners.

FINANCIAL REPORT OF THE TREASURER OF THE CEMETERY COMMISSIONERS.

Cash on hand Feb. 15, 1907		$331 49

G. A. TENNEY, Treasurer.

The number of patrons registered at the library Jan. 1, 1908, was 2147. During the year 1907 there were borrowed from the library 25,998 books. It will be seen by reports that there is an increase in circulation of books of 3,069 over the year 1906 and the reading rooms are better patronized than formerly. The average attendance in reading and reference rooms is 40. The whole number of books in the library Jan. 1st, 1908 was 8,088. A number of books have been given to the library by friends and also a pair of andirons for the fireplace by Mrs. Partridge.

The librarians not only suggest but demand better treatment of books and have been obliged to deprive some persons the privileges of the library on account of ill usage of books.

IRA G. COLBY, Secretary,
Trustees Fiske Free Library.

Board of Health

The following cases of contagious diseases have been reported to us during the past year: Diphtheria, 12; scarlet fever, 7; typhoid fever, 9; measles, 10; the number of deaths from consumption, 10. There was one death from typhoid fever and one from diphtheria, all the other cases reported ended in recovery. Only in one case were we required to give assistance to people while in quarantine, except for antitoxine and disinfectants.

The town dump has been well cared for and at less expense than in years past. The land is the property of the town and a good place for the burial of dead animals. Some people find it convenient to dump dead animals in any out of the way place and leave them on top of the ground. There is a good chance for such people to get into trouble if found out.

We still have hundreds of privies and cess-pools and the conditions we get from them grow more serious each year. There is no way out of such troubles until we have sewers.

R. L. HOWE,
A. L. MARDEN, M. D., } Board of Health.
G. A. ROWELL,

Feb. 15, 1908.

Police Department

To the Honorable Board of Selectmen:

I have the honor to submit the annual report as Chief of Police for the year beginning Feb. 15, 1907 and ending Feb. 15, 1908.

The force consists of chief, one patrolman and eight special police. The chief is on duty from 8 a. m. until 7 p. m., the patrolman from 6 p. m. until 4 a. m.; one special from 7 p. m. until 11 p. m., each evening.

The total number of arrests were 264, 5 being females. Of those convicted 109 paid fines and costs; 76 were taken to county jail; 44 to the county house of correction; 13 cases were put on probation; 4 went to Industrial school at Manchester; 5 cases to high court; 13 turned over to officers out of town.

Chief Engineer's Report

During the year ending February 15, 1908, there were twelve bell alarms of fire, as follows:

Feb. 25 10:00 a. m., box 12, Monadnock Mills tenement house.
Mar. 7 5:45 a. m., box 44, Junction house, Claremont Junction.
Mar. 11 3:15 p. m., box 37, Ducharme house, Wall St.
Mar. 13 7:45 a. m., box 23, rubber shop.
Apr. 1 3:50 p. m., box 31, Fealk house, Lafayette St.
May 11 2:30 p. m., box 12, Monadnock Mills.
May 11 6:15 p. m., box 12, Monadnock Mills.
May 23 1:50 a. m., box 33, Cleary house, W. Claremont
June 4 8:40 p. m., box 22, Burr shop, Island.
Nov. 3 9:30 p. m., box 13, Noyes block, Tremont St.
Jan. 16 11:30 a. m., box 22, Rossiter house, Main St.
Jan. 16 4:05 p. m., box 32, Smith house, Tutherly Ave.

Still alarms for brush and other fires, 46.

With three exceptions, the fire losses of the past year have been small. The hotel at Claremont Junction and the Cleary buildings at West Claremont were practically total losses. At the Junction fire the efforts of the department were principally directed to saving surrounding property, as the hotel was beyond saving before the firemen and apparatus could reach there. At the Cleary fire there was no water available. The second fire in the Monadnock Mills was very threatening at first, but was checked without serious damage to one of the town's largest industrial plants.

The increased number of still alarms shows that the public is learning to call more and more on fire headquarters by telephone, and in about every case incipient fires are checked without damage, and at a saving to the town. The majority of still alarms have been for chimney fires.

ELECTRIC FIRE ALARM.

In line with recommendation in my lastreport, a motor generator has been purchased and installed in the basement of the town hall in connection with the fire alarm system. It has fully met the requirements, furnishing the necessary battery power in every instance and giving the town's fire alarm system an adequate and independent charging source.

THE DRY HDYRANTS.

The dry hydrant system, as recommended, has been put in Tremont square, and tested out to the satisfaction of the Board of Fire Engineers. Also the dry hydrant system at West Claremont has been completed in accordance with a previous vote of the town, and connected with the fire pumps in the Coy and Jarvis mills. At West Claremont an additional hose company has been organized to respond to alarms of fire in that territory at present protected by boxes 33 and 39, said company being subject to the orders of the Fire Engineers. This company will be known as Eagle Hose Company No. 2, and has a sufficient membership to do effective service.

The new hydrants placed the past year are as follows: One on Maple Avenue near Allen place; one at corner of Eastman and Fremont streets; one at corner ot Stevens and Ascutney streets; one in Tremont Square (dry); four at West Claremont (dry).

It has been the effort the past year, as heretofore, to keep the apparatus and equipment up to the standard of efficiency compatible with an economical administration, and several minor pieces of apparatus have been purchased, particularly four quick-hitch Hilton nozzles that will be time-savers in emergency. While I have no general recommendation to make this year, I desire to keep before the public the importance of maintaining the Fire Department fully up to the standard in every respect, and advocate the extension each year, of the hydrant and electric fire alarm systems, as the growth and conditions of the town warrant. In this connection I specially recommend a hydrant in the square at lower village, near the Fletcher block. There is a large amount of property in this locality, at present inadequately protected with hydrants, it

being the intersection of three streets, each with car tracks and numerous overhead wires, and thickly surrounded with business places and residences. At present it is necessary to cross the bridge or run up the hill to the corner of Union and Central streets to get lines of hose in play for a fire in the congested district of the lower village square.

During the past year there has been no accident of a serious nature to any member of the department, the companies are fully manned, and have worked faithfully and conscientiously together in every instance when called to the performance of duty. For this I extend thanks; also to my brother officers, and members of the police department for their hearty co-operation at all times and places.

Respectfully submitted,

C. E. SEARS, Chief Engineer.

School Board.

To the Selectmen of the Town of Claremont:

Gentlemen:—According to the provisions of the 12th section, chapter 92, of the Public Statutes of the State of New Hampshire, we hereby submit the following report:

Number weeks of school for the year 1906.'07		36

H. B. CONVERSE,
A. L. FITCH,
FRANK H. FOSTER,
} School Board.

Claremont, N. H., July 1, 1907.

Stevens High School

COMMITTEE REPORT.

There have been several changes in the teaching force of the school during the past year. Mr. Walter H. Young succeeded Mr. Leroy S. Dewey as principal, Mr. Charles A. Wells succeeded Mr. Maynor Brock as teacher of science, and Miss Charlotte E. Pitman succeeded Miss Florence B. Leighton as fifth assistant.

The school is doing more and better work than last year, but is handicapped by several conditions which should be remedied in the near future. The teachers are overworked and two more assistants are needed. Our teachers are underpaid in comparison with those of other schools, and in order to secure and retain desirable teachers it will be necessary to increase the salaries.

The work required of teachers and pupils has been increased by the adoption of new courses of study to comply with the requirements of the State Department of Public Instruction. This was made necessary by the refusal of the State Superintendent to approve of the former course of study for the year 1907-1908. We were obliged to give up the commercial course, as we were unable to increase the length of the course to four years and employ a teacher specially qualified for this work.

The schoolrooms are overcrowded and many pupils are required to study in the chemical laboratory, which ought not to be used for this purpose. The following table shows the increase in the number of pupils:

	'01-2	'02-3	'03-4	'04-5	'05-6	'06-7	'7-8
D	26	34	43	54	51	40	52
C	22	23	28	36	47	49	34
B	15	22	25	23	22	28	37
A	17	15	18	22	14	18	25
Special	—	—	—	—	6	1	5
	80	94	114	135	140	136	153

Seventeen pupils graduated last June, and fifty-two entered the school last September. It is expected that next year accommodation will be required for between 160 and 170 pupils.

A new building or a carefully planned addition to the present building is needed at once, and we recommend that the town take action this year to meet the need.

We recommend that the town raise and appropriate $1,500 in addition to the amount received from the Stevens and Healey funds to meet the increased running expenses of the school. These trust funds should not be depended upon to support the school, and thus limit its work, but should rather be used to supplement the town appropriation and to increase the facilities and courses of the school. Some high schools offer an excellent course in manual training or a commercial course equal to that of a first class business college, and with an increased appropriation and increase of facilities a commercial course could be offered in Claremont.

Other towns and cities have built, equipped and maintained their high schools entirely by taxation and the town of Claremont should have public spirit enough to do the same and should not look to private munificence to relieve it of its duty.

EMERSON A. QUIMBY,
IRA G. COLBY,
JOHN S. WALKER,
WILLIAM W. CUSHMAN,
HENRY C. SANDERS, JR.
} Stevens High School Committee.

WILLIAM W. CUSHMAN,

Treasurer Stevens High School Committee.

Pleasant Street

In accordance with the vote of the town of Sept. 7, 1907, wherein the selectmen were instructed to proceed with the repair of Pleasant street in accordance with the plan suggested by State Engineer Dean, effort was made to start the work early so as to complete a large portion or all of it during the fall of 1907. It was found impossible for the railway people to obtain the girder rails specified by the engineer. The engineer thought it possible that he could obtain the rails and was requested to do so, but no rails suitable for the work could be purchased. This necessitated the postponing of the repairs until the spring of 1908.

We are at this time informed by the Street Railway Company that they will have on the ground, as early as desired, suitable rails and ties for their part of the work.

It is planned to pave the entire width of the street from the Boston & Maine tracks to Prospect street. This will require about 17,000 granite blocks for the town's portion and 5500 granite blocks for the Railway Company's portion of the work. These blocks have been purchased and will be delivered immediately.

The Board are pleased to state that they see no reason why these much delayed repairs cannot be completed during the coming spring.

Connecticut River Bridge.

A special town meeting was called for Sept. 7, 1907, to hear the report of the selectmen in reference to the proposed bridge across the Connecticut river near Ascutneyville. At said meeting after hearing the report of the selectmen the following resolution was passed:

Resolved: That the report of the selectmen hereby made to the town of Claremont in regard to the bridge at West Claremont be accepted, and said selectmen are hereby instructed to proceed with the construction of said bridge in accordance with the plans and specifications of their engineer, Mr. Storrs, and said selectmen are hereby instructed to make any and all contracts necessary to complete the construction of said bridge and the approaches to the same.

On Sept. 12 the following injunction was issued:

Superior Court, Sullivan SS: Russell Jarvis v. Town of Claremont et als.

Upon hearing the proofs in the above-named petition, it is ordered that the United Construction Company, its officers and agents, and the officers of said Town of Claremont, are enjoined from taking any action in pursuance of or by virtue of said resolution passed at said special meeting as mentioned in said foregoing petition, or in pursuance of or by virtue of any contract or agreement entered into in accordance with said resolution, until the end of the next session of said court in Sullivan, SS., unless this injunction shall be sooner modified or dissolved by this court or some Justice thereof.

Sept. 12, 1907.

ROBERT M. WALLACE,

Chief Justice of the Superior Court.

After carefully considering the subject, the votes of the town and the foregoing injunction, it was decided by the Board of Selectmen best for the town that no further action be taken at that time, and no expense has been incurred since then.

Below is given the items of expense so far paid in connection with the work.

1907	NO.	ORDER.	
July 26	246	Rush Chellis, (on account of John W. Storrs), services and expenses in making surveys and plans of bridge	$ 48 00
Sept. 23	478	C. E. Densmore, use of team	1 00
Dec. 4	741	Selectmen, car fares to Concord	6 60
1908			
Jan. 27	913	W. T. Freeman, use of automobile to Weathersfield two trips and ferry charges	2 90
29	923	Frank P. Huntley, use of team	1 00
30	929	John W. Storrs, to apply on services as engineer	1,152 00
Feb. 15	1008	Hosea W. Parker, legal services	20 00
	1010	Ira Colby & Son, legal services	10 00
	1061	Geo. W. Paul, use of team seven trips, Cheshire Bridge, Windsor Weathersfield, and ferry charges	9 25
	1065	Western Union Telegraph Co., telegram to Albany	25
			$1,251 00
